KHALID BELLO

Full Stack Web Developer

Experience

BotSub - Founder and Full-Stack Developer
2023 – Present

Created and launched a SaaS platform utilizing Facebook Free Mode for users to make seamless data purchases even when they are totally out of data, featuring secure payment and efficient data handling for a smooth user experience. Drove consistent growth, reaching 10 daily transactions within just three months of launch.

Lifestyle Leverage - Full-Stack Developer
July 2024 – November 2024

Developed a customized e-learning platform to meet the client's specific requirements, incorporating features such as secure user authentication, course management, and integrated payment gateways. Worked closely with the client to optimize the platform for better accessibility and enhanced user engagement, ensuring a seamless learning experience.

Education

Bayero University Kano
B. Eng Mechanical Engineering
2019- 2025
